YOUR AUSTRALIA-WIDE INDEPENDENT WHOLESALER | MELBOURNE, BRISBANE & PERTH

WHITES POWERSPORTS AUSTRALIA PTY LTD.

WHITES POWERSPORTS

Whites Powersports is a family business which was established in 1952 by Bill White.

Keith Larkin brought Whites in the 90s, and together with his son, Kyne they have grown it into what it is today.

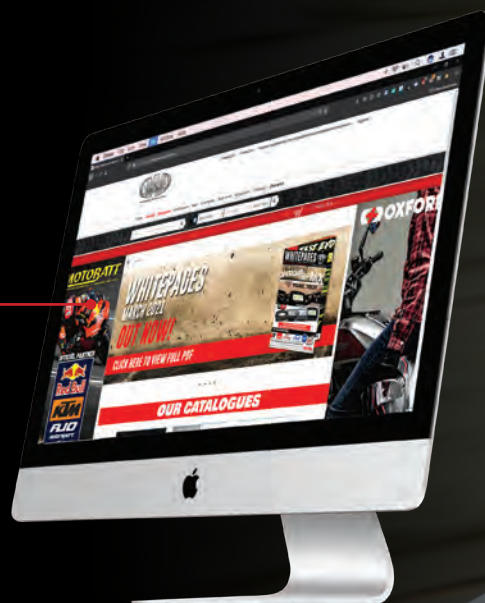

Keith has over 50 years experience in the motorcycle industry, having started work for Mr White upon leaving school in 1970. With great motorcycle products in the forefront of his mind Keith is the driver behind Whites extensive range of products.

Kyne who has substantial experience in international business-to-business commerce directs all aspects of Whites business in both Australia and New Zealand. His vast knowledge of finance, supply-chain and business management allows him to put strategies in place that have allowed Whites growth.

LS2 HELMETS

FF327C CHALLENGER C

PREMIUM SPORT TOURING HELMET

SOLID Carbon Black

SUMMARY

Fit. Finish. Function. Performance. Face the competition head-to-head and feature-for-feature. Bold and unafraid. LS2s advanced design takes the lessons from the past and adds the technology of the future. Aerodynamic yet stable, the shell cuts through the air smoothly, keeping you energized and able to focus on the road ahead.

CHALLENGER CARBON

LS2 uses multiple layers of our exclusive wide-weave carbon fibre for a very light, but strong shell that handles impacts while dispersing energy for a safer ride

FF900 VALIANT II

PREMIUM MODULAR HELMET

REVO Matte Black/High-Vis Yellow

SUMMARY

LS2 Valiant II 180 degree Flip Front Modular Motorcycle Helmet is the most versatile helmet on the market today. The designers at LS2 took a popular concept, 180 degree flip, and designed a totally new and unique mechanism, allowing the Valiant II to be the smallest, lightest helmet of its kind on the market.

VALIANT II KPA

A proprietary blend of polycarbonate, space age thermoplastics and kevlar materials specifically formulated by LS2. Kinetic Polymer Alloy offers ultra-light weight and high penetration resistance, but with some flexibility for the ultimate in energy dispersion.

The background of the cover is a photograph of a motorcyclist riding away from the viewer on a desert dune. The rider is wearing a blue and yellow helmet, a black jacket, and a yellow vest with 'AQUA' written on it. The motorcycle is a dual-sport model with a large rear storage bag and a yellow license plate that reads 'LC17 WOH'. The sky is a hazy, golden-brown color, suggesting a sunset or sunrise. The entire image is framed by a white border with thin, curved white lines and a dashed white line.

Adventure style jacket with waterproof drop liner, which includes Rainseal Technology. Tall collar with two adjustment points and neoprene at the edge to give a good seal with maximum comfort. Spacer mesh in the collar makes the whole jacket breathable. Reflective panels at the front, top and back for 360 visibility

WATERPROOF / BREATHABILITY
10,000-20,000

ORDER DETAILS

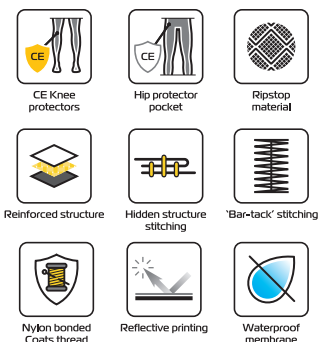

Code	Size	Description
OXTM17110	S - 4XL	Quebec 1.0 Mens WP Jacket Tech Black/Fluro

FEATURES

Ripstop on shoulders, upper arms and back of the arms for better protection. The jacket has CE armour in the shoulders and elbows. The external armour pockets in the elbows make the protection less likely to move in the event of a spill. Includes Oxford's intelligent adjustment in the arm adjustment straps for extra flexibility and comfort when riding. Soft Amara on the cuffs for comfort plus large adjustment gusset to keep the water out. Two large Napoleon box pockets and two water resistant box pockets. Deep cutaway on the front hem plus a Continental Cut on the rear (extended tail) for extra weather protection. Rear box pocket. Air vents on front and rear. Heavy duty YKK Vislon zip. Thick 100g thermal liner for extra warmth. Provision for back protector.

QUEBEC 1.0 PANTS

HARRINGTON JACKET

DRY2DRY™ LAMINATE

SUMMARY

The Harrington is a typically styled short British jacket, staying true to the traditional Harrington design with 100% DuPont™ Kevlar® lining.

100% DuPont™
Kevlar®

YKK®

ORDER DETAILS

Code	Size	Description
OXTM194101	S - 5XL	Harrington MS Jacket - Black
OXTM194102	S - 5XL	Harrington MS Jacket - Green

FEATURES

Of course, it looks good, but why is it a great motorcycle jacket? With a laminated Dry2Dry™ outer shell and taped seams water just falls off the outside. The jacket is created from an elasticated material which allows flex in the body when riding. For extra protection, there is Dupont Kevlar™ lining where the protector pockets are; back, elbows and shoulders, sandwiched in between the taped outer shell and the soft jacket lining.

DuPont™ and Kevlar® are registered trademarks of the E. I. du Pont de Nemours and company and are used with permission.

ORIGINAL APPROVED

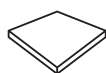

ORIGINAL STYLE. APPROVED PERFORMANCE.

For Oxford's Approved Denim, material innovation was a priority; performance denim built specifically for life on two wheels. From new yarn and fibre technologies to new finishes and dyeing techniques.

After continuous testing, both in the lab and out on the road, we introduce Armourlite™ - highly durable denim that maintains a vintage look and softness; jeans you want to wear.

To do this, we worked with skilled weavers and warpers to include a polyamide fibre into the weave – a hard-wearing material originally developed by the military for parachute cords.

A two-way stretch was added to enhance mobility and comfort. We also included a quick dry technology which draws sweat and increases water repellency.

OXTW187101R	8 - 20	Dakota 2.0 Ladies Wp Pant - Stealth Blk Regular
OXTW187101S	8 - 20	Dakota 2.0 Ladies Wp Pant - Stealth Blk Short

FEATURES

The Dakota pant has a press stud and hook-and-bar closure on the adjustable waistband and hand warmer pockets. The waist also has belt loops if there is a requirement for an added belt. Reflective heat transfer logos are applied to the knees, calf and seat areas for that added security when riding at night. Abrasion resistant materials on the knees and the seat give better wear and a high-rise is included at the back to make the fit between the jacket and pant improved, with of course a short zip for the jacket attachment. An accordion stretch panel across the back of the pant allows for flexibility and a grip panel in the trouser seat gives extra security. The inside of the pant features a removable liner for when the weather gets hot and level 1 knee protectors are provided. Two leg lengths are available.

IOTA AIR 1.0 JACKET

HOW TO MEASURE

MEN'S & WOMEN'S SIZES

A - CHEST/BUST

Measure around the fullest part of your chest/bust, keeping the measuring tape horizontal.

B - WAIST

Measure around the narrowest part (typically the small of your back and where your body bends side to side), keeping the tape horizontal.

C - HIPS

Measure around the fullest part of your hips, keeping the tape horizontal.

D - INSEAM

Measure from the top of your inner leg along the inside seam to the bottom of your leg.

LUGGAGE

LUGGAGE

THE BEST MOTORCYCLE LUGGAGE ENABLES
YOU TO EXPLORE, WHATEVER THE WEATHER

IN THE BEGINNING WAS THE TOP BOX

Oxford's very first product back in 1973 was a top box... tough, secure, watertight, no-nonsense. Today, our luggage range is huge, varied and endlessly versatile, but remains true to the simple charms of that first top box. With shapes and styles to suit all types of motorcycle, we excel in producing well thought-out, reliable kit and really do have a solution for carrying all of your kit- on and off the bike.

ALWAYS DEVELOPING

Motorcycle luggage exists in a harsh environment, attacked at high speeds by all weather conditions. It must be made from durable, weatherproof material and have lots of useful features. It needs to be adjustable, so that it can be fitted to a wide variety of machines. It also needs to offer decent carrying capacity and to look good on the bike. Oxford's luggage is always developing; every year we hunt down the latest technology, innovate new solutions and build more functionality into our designs. From humble top box beginnings, Oxford has become the world's leading soft motorcycle luggage brand. Explore our range, then explore with us

» HOW IT WORKS...

STEP ONE

Buy a QR tankbag or upgrade your existing tankbag with a compatible QR base »

STEP TWO

Buy and fit the QR tank ring adaptor which is compatible with your motorcycle »

STEP THREE

Fit bag by clicking into place »

IMPORTANT INFO

- Because we ride bikes we understand that motorcycle luggage needs to be adjustable, so that it can be fitted to a wide variety of machines and must be made from durable, weatherproof material. It also needs to offer decent carrying capacity and to look good. We are never complacent and every year we build more features into our design. All this explains why we are today a successful global motorcycle luggage brand.
- OXFORD LIFETIME LUGGAGE is designed by motorcyclists in the UK. We are so confident of its quality and durability that we guarantee it against faulty manufacture or materials for life! The Lifetime Guarantee does not, however, extend to rain covers, buckles and zip tags, which are covered under our usual warranty. Nor does it insure against reasonable wear and tear or failure to properly care for/maintain the product.
- Read the user recommendations carefully before use to enjoy this luggage safely and to its full capacity.
- If you need advice on which bags are best suited to your riding needs, please don't hesitate to call our customer services team on 01993 862 300.

Full details and model application list available at oxfordproducts.com.au/pages/luggage

AQUA

WEATHERPROOF BAGS

Oxford's Aqua bags are one of the easiest ways to get your gear from A to B on a motorcycle, safe and dry. They are made from a tough PVC tarpaulin, which is welded to form waterproof seams. When straps are added to perform essential functions (such as securing the bag onto a motorcycle), Oxford uses innovative construction techniques to further reinforce the bag whilst ensuring complete waterproofing.

The latest generation of Oxford's acclaimed Aqua luggage now offers a choice of five useful tail bag sizes- from commuter 8L through to 'epic voyage' 70-litre versions – plus a range of backpacks and tank bags

COLOUR OPTIONS

S-SERIES

LUGGAGE

Oxford's new S-Series motorcycle luggage combines tough construction with clean styling and quick-release convenience.

You can enjoy the benefits of both hard and soft luggage with Oxford's latest innovation.

Soft-touch materials are formed into a rigid construction using advanced vac-forming processes. This creates stylish, wipe-

clean surfaces and crisp shapes which complement the lines of the motorcycle, yet you retain the easy-to-live-with qualities of soft bags.

The well-organised storage compartments are easy to access through weather-resistant zips and all bags come with rapid attachment/detachment systems.

T5S - Tail Pack- 5 litre capacity

- Semi-rigid luggage
- 5kg max load
- Reflective piping detail

R-SERIES

LUGGAGE

Oxford's Lifetime Luggage is the jewel in its crown, benefiting from 20 years of passionate development since its launch in 1997.

Most bags look roughly the same from the outside, differentiated only by the styling, number of pockets and a few handy features.

The difference between a good bag and a GREAT bag is what you don't see at first glance; the material composition, construction methods, waterproofing systems, safety mechanisms, tried and tested componentry and built-in real-world usability.

You don't need to know what Oxford's test laboratory has specified, amongst other things: flag-stitched stress points; taped waterproof liners; innovative and over-engineered security straps; tough outer materials to battle the elements; soft touch-point materials to protect your bike; bright interiors for better content visibility; self-healing zippers; comprehensive user guidelines.

You'll carry on not needing to know for years and years... which is why Oxford Lifetime Luggage comes with an unparalleled Lifetime Guarantee.

P50R - Panniers- 50 litre capacity

STRAP-ON

"Use the internal dry bags and you'll have all the panniers you'll ever need"

HERITAGE

PREMIUM MOTORCYCLE LUGGAGE

HERITAGE BAGS - old-world styling, modern usability.

This vintage-styled waxed poly cotton luggage uses traditional materials and manufacturing techniques to recall a time when people worked and played outdoors, come rain or shine. But hidden beneath the old-world look is a hidden layer of modern technology, to offer a user experience to match today's demanding expectations.

The bags' key material is a dry waxed polycotton, a modern take on the traditional sail cloth which found its way into the clothing which sailors wore to protect themselves from the salt water and wet weather. The dry wax application is applied to all outer materials including the straps and has the very real benefit of not coming off on your hands when moving, fitting and using the luggage.

Respectful of the material's heritage, Oxford's designers have employed traditional methods to assemble the bags. For example,

pockets are pleated in order to lie flat when empty, but provide space to expand when full; flag stitches secure all the straps and strapping points to the main structure of the bag; the roll top closure is both traditional and the best way to seal the bags against rain.

Inside the bags, however, you will find a very modern Removable waterproof liner which uses taped seams to guarantee that the contents remain dry, even when the outer material has been drenched.

Similarly, the luggage employs Oxford's most up-to-date fitting system to ensure that it can be secured to the bike safely, with all necessary fittings supplied.

The result is a wholly user-friendly product which does the job whilst looking the part.

- Bracket insert to protect handlebars
- Small bracket 22.2mm 7/8"
- Detachable lanyard
- Aqua DryPhone pocket

Lid Locker - Lockable helmet bag

Fits Chains & Cable Locks Up To 40mm Diameter

This unique product finally answers the question: how to leave your helmet with your bike without it getting wet, damaged or stolen?

The helmet remains completely protected from the elements at all times. The lock (not provided!) is threaded down a weatherproof tube which runs through the visor aperture and out of the bottom of the helmet (see image) so that you can lock it to the bike. The easiest lock to use is an armoured cable lock (such as an Oxford Revolver), but you could equally use a chain lock or a regular cable lock.

- Secure way to leave your helmet with your bike and keep it protected from the weather
- Compatible with most chains and cable locks
- Handy 'Hook-and-loop' hanging strap to keep your helmet off the wet ground

The following Oxford locks can be used in conjunction with this product

- Combi Chain 10
- Tripwire
- Looplock
- Revolver
- Barrier
- Lockmate

CODE
OXOX624

Strap-Nav - Sat-nav holder

CODE	DESCRIPTION
OX558	STRAP NAV

- Fixes to motorcycle/bicycle using two 'Hook-and-loop' straps which can be adapted to fit any type of handlebar
- Double layer construction for maximum weather resistance
- Suitable for any car or motorcycle Sat-Nav device measuring up to 145mm (W) x 95mm (H) x 30mm (D)
- Concealed power outlet for routing power cable/headphones

Fits sat-navs up to 145 x 95 x 30mm

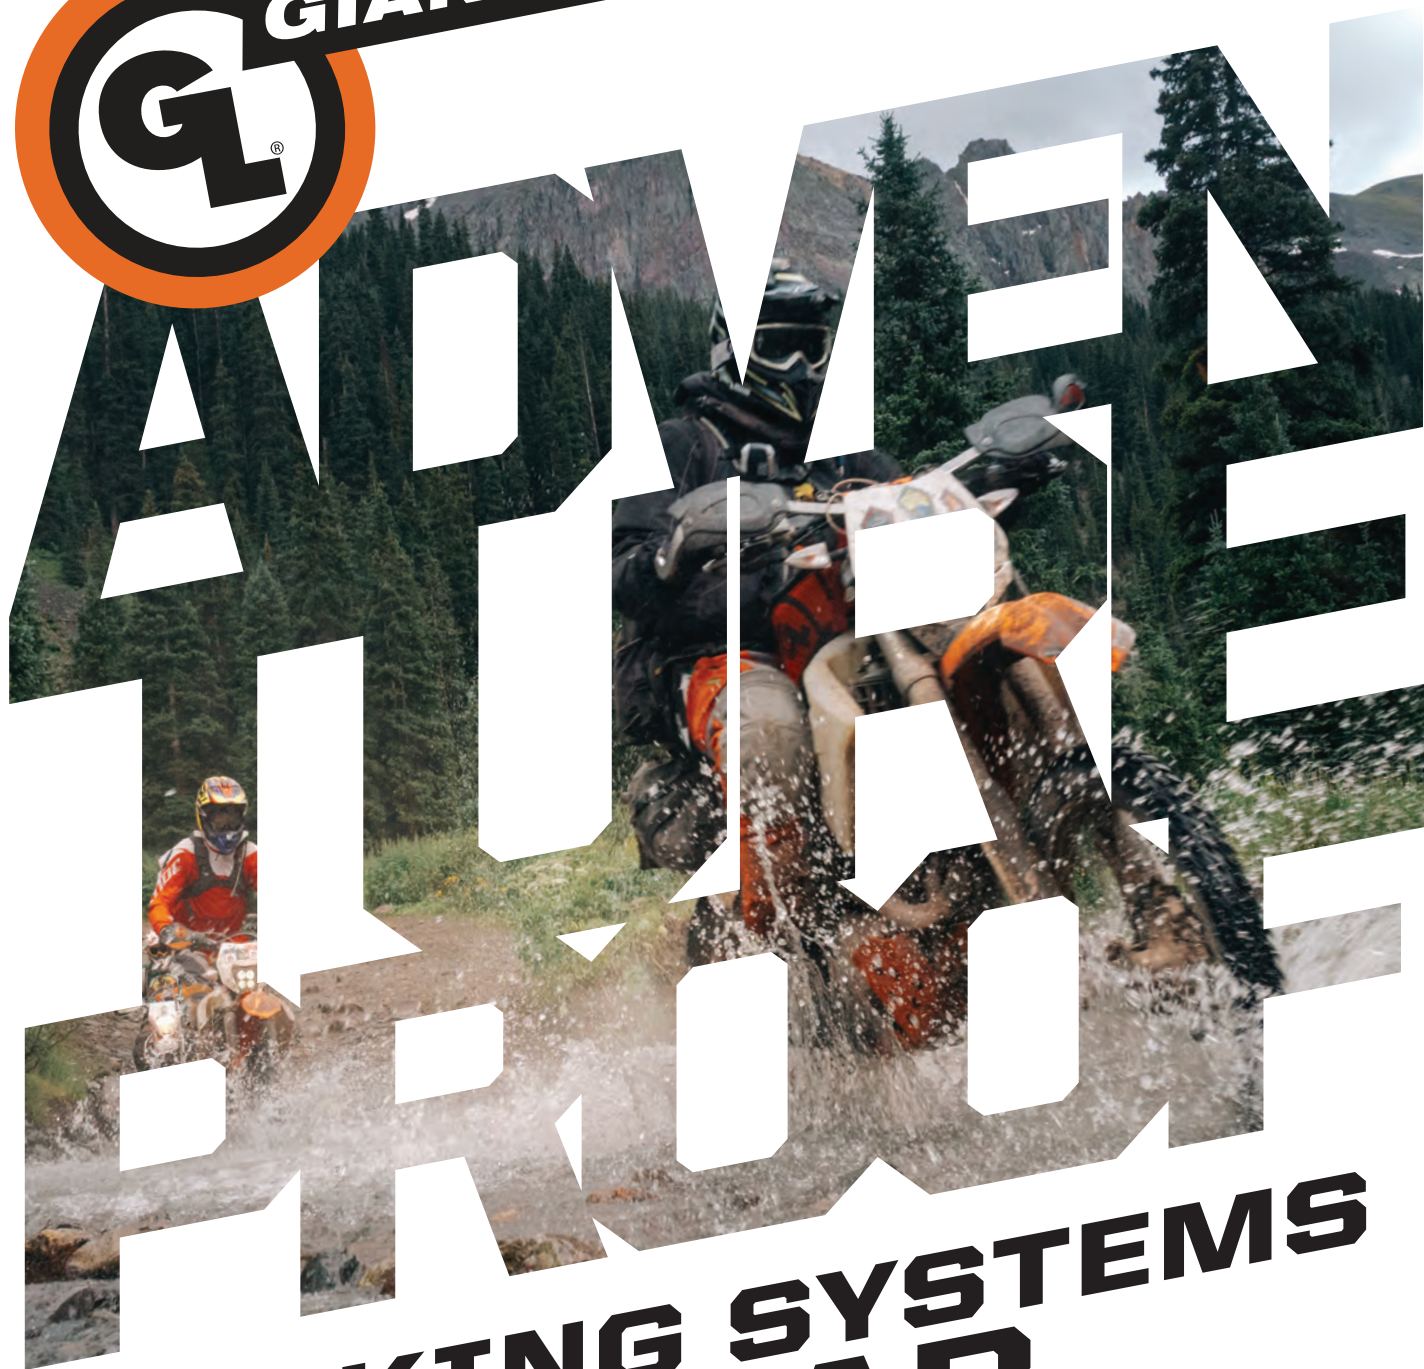

x2 Easy-fit 'Hook-and-loop' straps

Weather-resistant double layer construction

DESIGNED IN BEND, OREGON, USA / RIDDEN WORLDWIDE.

Coyote Saddlebags

The Coyote is Giant Loop's original rackless saddlebag design created to pack up to 39 litres of gear on multi-day rides and still maintain the ability to ride fast and far in comfort and with confidence. The Coyote enables one to carry essential gear without interfering with riding ability and performance, even on technical singletrack or steep hill climbs.

The Coyote Saddlebag's rugged Bomb Shell™ construction and materials resist water, mud, and dust and include a set of three RF-welded waterproof inner liner Saddlebag Dry Pods™ for fully waterproof gear storage. The Coyote mounts to the rear fender or tail rack of virtually any dirt bike, dual-sport, or enduro motorcycle—passenger pegs not required—and is now even faster and easier to install and remove with an included 25-inch Pronghorn Strap™.

CODE	COLOUR/DESCRIPTION
GLCSB20B	COYOTE SADDLEBAG - BLK
GLCSB20G	COYOTE SADDLEBAG - GRY
GLCSB20O	COYOTE SADDLEBAG - ORG

Great Basin Saddlebags

The Great Basin is Giant Loop's largest capacity rackless saddlebag that accommodates 68 litres of gear and allows one to pack and carry gear where the passenger would usually sit on the motorcycle. With its 6-pound dry weight (including all components), secure mount anchor system, and super-tough Bomb Shell™ construction and materials, the Great Basin epitomizes our "Go Light. Go Fast. Go Far." motto.

The remarkably versatile Great Basin fits virtually any motorcycle designed to carry a passenger, mounting on the passenger seat and anchoring to the passenger footpegs. Fits virtually any sport, sport-touring, scrambler, standard, naked, adventure touring, or dual-sport motorcycle. Includes a set of three RF-welded waterproof inner liner Saddlebag Dry Pods™ for fully waterproof gear storage. No side luggage racks or saddlebag stays are required.

Mojavi Saddlebags

The MoJavi is a rackless, rugged saddlebag designed to transport the essentials on aggressive, off-road rides by carrying gear on your bike, not in a backpack. With its slim, trim design, the MoJavi is ideal for inner tubes, tools, fluids, and other save-a-ride necessities while on a day trip or trail ride.

Take a load off and improve rider endurance and comfort by transferring weight from a backpack to your motorcycle with the rackless MoJavi Saddlebag Motorcycle Luggage System. Adventure Proof, sewn construction uses rugged materials and resists water, mud, snow and dust. Straps on and stays on—no matter what.

GLMSB20B	MOJAVI SADDLEBAG - BLK
GLMSB20G	MOJAVI SADDLEBAG - GRY
GLMSB20O	MOJAVI SADDLEBAG - ORG

Buckin' Roll Tank Bags

The Buckin' Roll is a slim, trim, minimalist tank bag designed to keep essentials close at hand while out of the way when riding the most technical singletrack. This easy-to-mount tank bag features fully welded construction with waterproof coated materials and provides 1.5 litres of packable volume for carrying a smartphone, wallet, snacks, smaller tools, or an extra pair of gloves.

An integrated clear smartphone pocket in the lid with electronics cable pass-through enables on-bike charging and power inside the bag. For those searching for the perfect tank bag for aggressive trail riding where quick, easy access to items is a priority, the Buckin' Roll is the ideal choice.

CODE	COLOUR/DESCRIPTION
GLBNR20B	BUCKIN' ROLL TANK BAG - BLK
GLBNR20G	BUCKIN' ROLL TANK BAG - GRY

Diablo Tank Bags

The Diablo delivers six litres of rider-friendly on-bike storage by following Giant Loop's strict design objectives to build minimalist, slim and trim tank bags that seamlessly integrate with the motorcycle. Even when standing on the footpegs while riding off-road, the Diablo never gets in the way thanks to its unique size, shape, and mounting position behind the gas cap using our secure universal harness mounting system.

Fuel fills are a breeze with the Diablo: unzip the tank bag from the harness for quick and easy fuel access. Add to that, electronics pass-throughs integrated throughout each compartment, a full-length interior lining with hook-and-loop-accepting fabric compatible with many camera bag dividers, and included waterproof Giant Loop Tank Bag Dry Pod; the result is a bulletproof adventure-ready tank bag.

CODE	COLOUR/DESCRIPTION
GLDTB21B	DIABLO TANK BAG - BLK
GLDTB21G	DIABLO TANK BAG - GRY

Fandango Tank Bags

Giant Loop's 8-litre Fandango Tank Bag provides easy access to fuel, room enough to pack gear for a day trip or a long-haul journey, and is loaded with rider-friendly features similar to its smaller counterpart, the 6-litre Diablo. With its larger capacity, the Fandango provides riders a convenient way to carry larger items such as a DSLR camera, rain gear, first-aid kit, and more.

With its movable interior divider with elastic organizers and tire pressure gauge holder, fully lined hook-and-loop-accepting interior fabric, and exterior mesh pocket, the Fandango provides an abundance of packing options, so everything stays organized and in place. And if the weather turns bad, we include a waterproof Tank Bag Dry Pod™ to prevent moisture from reaching sensitive gear.

GLFTB21G	FANDANGO TANK BAG - GRY

Mototrekk Panniers

50 LITRES OF PACKABLE VOLUME, EXPANDABLE WITH OPTIONAL WATERPROOF POSSIBLES POUCHES TO 64 LITRES!

"Giant Loop MotoTrek Panniers are reasonably priced for a set of quality, waterproof and bombproof soft bags. We liked how simple they are to mount and it gets even easier when used with the GL Pannier Mounting plates. We did find it a little challenging to get the mounting system tightened up for rough terrain, but it got easier as our familiarity grew with the bags. Overall, the MotoTrekks are rugged enough to handle adventure rides well beyond the beaten path." – **ADV Pulse**

CODE	COLOUR/DESCRIPTION
GLMTPN17	MOTOTREKK PANNIERS

Siskiyou Panniers

Siskiyou Panniers combine the convenience of top-loading hard panniers with the performance benefits of Giant Loop's world-travelled soft luggage. Constructed with flexible, impact-resistant, and waterproof materials, Siskiyou Panniers deliver the ultimate lightweight, rugged, and compressible gear packing solution for on- and off-road motorcycle adventures. Choose the Siskiyou Panniers for multi-day rides when quick, top-loading gear access is a priority.

CODE	COLOUR/DESCRIPTION
GLSPN17	SISKIYOU PANNIERS

Round The World Panniers

"Overall, this is the best quality and most versatile soft luggage I have used to date, and I expect this will be my go-to luggage for years to come."

– **Adventure Motorcycle magazine**

Possibles Pouches

Giant Loop's 100% waterproof, dustproof, mudproof roll-top Possibles Pouch makes external pockets for MoJavi Saddlebag (top centre), Coyote Saddlebag, Great Basin Saddlebag and MotoTrek Panniers. With 3.5-litres of packable volume — enough capacity for a full set of tire irons, a spare tube, compressor, tools, gloves or other small essentials. Possible Pouches may be secure to engine guards with included webbing straps. Perfect for off-the-bike adventures too — paddlesports, rafting, kayaking, SUPs!

*Please Note: First Aid Possibles Pouch DOES NOT come with First Aid Kit.

Fender Bags

Possibly the ONLY waterproof, dustproof, mudproof, snowproof Fender Bag + Number Plate Bag available today, Giant Loop's adventure proof version offers secure connections for most dirt bike plastics. When properly installed, it's there to stay no matter what! Sized to fit a full length set of tire irons and other relatively small, lightweight essentials, such as spare inner tube, CO2 inflater, spare gloves, etc.

CODE	COLOUR/DESCRIPTION
GLFDBG18	FENDER BAG

Tillamook Dry Bags

The Tillamook is an expedition-sized, roll-top dry bag with an integrated anchor strap system ideal for an array of vehicle-based adventures. It features 48-litres of waterproof storage and seamlessly pairs with Giant Loop's Coyote and Great Basin Saddlebags, as well as our full line of panniers.

Openings on both ends mean quick and easy access without having to unstrap from saddlebags, panniers, or remove from a rack. A handy air purge valve allows compact compression of gear and bag when packing. Two included carry straps convert the Tillamook into a backpack for easy transport.

CODE	COLOUR/DESCRIPTION
GLTDB18	TILLAMOOK DRY BAG

Rogue Dry Bags

The Rogue is an indispensable, easy-to-use roll-top dry bag that's ideal for a wide variety of adventures. It features 17 litres of packable volume and seamlessly integrates with Giant Loop Saddlebags and Panniers.

Openings on both ends mean quick and easy access without having to dig or unstrap from saddlebags, panniers, or remove from a rack. A handy air purge valve allows compact compression of gear and bag when packing. Upon arriving at your destination, two included carry straps convert the bag into a backpack.

CODE	COLOUR/DESCRIPTION
